IOCP National Podiatry and associated Healthcare Conference

Exhibitor Announcement

Dear Exhibitor

The Institute of Chiropodists and Podiatrists Board of Directors and the staff at Head Office wish to thank you for your support and loyalty both at our Conference and also with students, branch meetings and in general through the past years.

For those Companies new to The Institute we look forward to building a positive relationship in the years to come.

We are changing the traditional format of the presentation of our event for the 62nd Conference on 5th and 6th May 2017. A more practical and workshop based event is the plan for 2017 as we know the present programme needs updating.

We would like our supporters and trade exhibitors to be the main focus of attention at our conference in Southport, rather than our usual series of lectures this year taking place over two full days. We will be having space in the syndicate room to facilitate this, looking at having several workshops demonstrating 60 minute workshops from you, the exhibitor.

We would therefore like to invite you to consider what practical or theoretical skills you could demonstrate to our members, perhaps awarding 5 CPD points along with a certificate from yourselves for those that attend your workshop.

We expect this would give you an invaluable marketing opportunity, and help our members acquire useful skills and knowledge.

Please could you either post information to The Institute of Chiropodists and Podiatrists, 150 Lord Street, Southport. PR9 0NP or email julie@iocp.org.uk with your ideas and suggestions for workshop subjects you would like us to consider.

We are also keeping prices the same if not lower for the fourth year running for stands, with the workshops as an additional inclusive extra if you would like to take advantage of this opportunity. Please also find attached the trade stand plan along with a booking form.

Yours sincerely

Mr Abid Ali Chairman of The Board of Education and 2017 Host

The Institute of Chiropodists and Podiatrists, 150 Lord Street, Southport, PR9 0NP
